Macdonald, to be used in oiling the finer stretches of state roads around here, arrived in the city Friday and Saturday was moved down to Camp station, where it will be kept. According to orders received from Clinton G. Nichols of the commissioner's office, Charles E. Leonard will commence the work of oiling the macadamized streets today.

The action will be given a hearing before Justice of the Peace George E. Hinman on Aug. 6th.

Master Plumbers Must Pay Higher Wages.
Commencing today the master plumbers will have to pay the journeymen plumbers, tinners and steamfitters an increase of 25 cents per day as agreed to some few weeks ago, when the strike of the plumbers was settled. As a consequence, the master plumbers have agreed that they will increase the rate charged per hour from 10 to 15 cents and this increase will become effective today (Monday).

This Week's Games.
Pending the final results of the efforts of George F. Rogers of Meriden to finance the largest Meriden team in the Connecticut baseball association, the schedule for the ensuing week has been revised as follows:
Monday, Middletown at New London; Tuesday, New London at Willimantic; Wednesday, Middletown at Middletown; Thursday, Middletown at Willimantic; Friday, Willimantic at New London; Saturday, New London at Middletown.

The above schedule, therefore, leaves the Colts without a game for Saturday at home and Mr. Willimantic will endeavor to get the Southington-Bristol combination team to play an exhibition game here at Willimantic on Saturday, or secure some other team equally fast or faster if possible.

To Continue With Silk Company.
Fred W. Deming, who has been engaged for the Willimantic Machine company, which company's boiler and engine operates the plant of the Windham Silk company, has been building, will leave the employ of the machine company when that company moves into its new building at the corner of Main and School streets. The Windham Silk company recently bought the building now occupied jointly by the two companies and when the machine company moves out and the silk company occupies the entire building Mr. Deming will continue as engineer for the silk company.

Shore Dinner at the Lake.
Dr. T. R. Parker entertained a party of twenty-four at a picnic on the shores of Columbia lake Saturday. The members of the party were relatives and intimate friends. This day's outing was a most enjoyable one, even though there was a hard thunderstorm. Many good things were served at the shore dinner.

Pleasant Sunday Improved.
A good sized crowd took the opportunity Sunday to enjoy the ride to New London and return and incidentally witness the game between the Colts and Whalers at Cannonball park in the afternoon.

Cars were run frequently to and from South Coventry Sunday afternoon and evening. A number of large numbers enjoyed this beautiful ride and strolled around the pretty lake shore.

Auto parties were numerous Sunday. The freight business on the Central Vermont seems to be picking up from conditions at the local station Saturday when an unusual number of cars went through here. It was one of the heaviest days that the local force has had in some time. There is a congestion of cars in Brattleboro, Vt., as the trains can't be run through the town, and it is expected that these have been hard to procure since the strike was instituted.
